

## Section 6.16: Light Industrial Commercial Park (LIP)

---

Intent: The intent of this zone, when properly applied, is to allow for development that mixes commercial and light industrial uses in a park or complex environment. Other industrial classifications reflected in these regulations are exclusive in nature, not allowing commercial uses. This zoning classification provides an exception to that general rule.

### A. Principal Uses Permitted

Those uses listed as principal uses permitted in the B-3 Regional Retail Business District, B-4 General Business District and I-1 Light Industrial District.

### B. Accessory Uses Permitted

Parking lots and structures  
Garage or other accessory building  
Private recreational facilities

### C. Conditional Uses Permitted

- (1) Regular Outside Storage of Material; related to the business or offered for sale, whether stored in containers or individually. The Board of Adjustment when reviewing a request for this conditional use may impose the following conditions some of which are mandatory (\*): restrictions on areas to be used; restrict the time period for storage; impose screening or buffering requirements; require additional parking where existing parking areas are used for such storage(\*); and any other condition that helps the proposed use to blend in with its unique surroundings. (Only in effect in the City of Bardstown)
- (2) Mobile Home as Place of Residence for a Commercial Watchman: The Board of Adjustment, when reviewing applications for this conditional use, shall consider the following factors: if there other facilities that can reasonably accommodate a watchman's residence, if so the permit may be denied; if there is a necessity for a watchman living on site; sewage disposal facilities; as well as aesthetic considerations, appearance, and maintenance concerns.

### D. Planned Unit Development Uses Permitted (approved as provided for in Section 8.2 of these Regulations)

- (1) Otherwise Allowed Uses Serving Alcohol by the Drink: providing that the nuisance aspects of these uses are mitigated to the extent possible using screens, buffers, limitations on hours of business, or other conditions necessary in the opinion of the Planning Commission to allow the unique aspects of this type of use to blend in with the surrounding land use pattern, current and anticipated.
- (2) Dance Halls, Reception Halls, Nightclubs, Billiard or Pool Halls: providing that the nuisance aspects of these uses are mitigated to the extent possible using screens, buffers, limitations on hours of business, or other conditions necessary in the opinion of the Planning Commission to allow the unique aspects of this type of use to blend in with the surrounding land use pattern, current and anticipated.
