Note: A site development plan must be submitted as part of the rezoning application requesting reclassification to this zoning district. This plan shall show: location of utilities; roadways (which may be private, but must provide guaranteed, adequate access to all parcels); size and type of structures (may be submitted as individual buildings are to be built); storm water drainage and retention facilities; signage; lighting; landscaping; screening and buffering. All items required are subject to Planning Commission review and approval. The standard for review shall be that all required items must be provided in a way so as to minimize adverse impacts on the public. Departures from the development plan, as finally approved, must receive Planning Commission approval after another, required public hearing.

Any conditional use permit issued hereunder must meet the mandatory requirements for approval set out in KRS 100.237 and Section 4.3C of this Ordinance.
